

On Wednesday 14th March 3rd class celebrated a very special day with the completion of their weaving project with Frances Crowe in the halla. To celebrate their diligent work we displayed their beautiful vibrant pieces. Frances also unveiled their "Peace Project". Each pupil completed a square woven piece which was accompanied by a cream ribbon depicting their feelings on peace. All the individual pieces were sewn together to form one large patchwork piece.

Frances is a fibre artist based in Roscommon. Her inspiration comes from the landscapes and surroundings of her country studio. A graduate of NCAD, Frances has taken part in numerous exhibitions both solo and in groups in her career. If you wish to look up her website [www.Francescrowe.com](http://www.Francescrowe.com) you will see some of her inspiring work.

We were very fortunate to have been selected with Frances as our tutor. She was a great inspiration to the pupils and has planted a great love of weaving with the pupils which will continue to flourish hopefully in the future.

Frances informed us all of her numerous projects and displayed some of her work, The pupils shared their poems and reflections. A presentation was made to Frances in recognition of her diligent work and commitment.

Sincere thanks to all the parents for their guidance, help and support with the weaving project and also to those who attended on the day. Míle Buíochas, Mrs. Ryan.
